Bringing our programs straight to your agency!

Contact IPTM today to learn more about .

Why IPTM?

The Institute of Police Technology and Management was created and designed to provide cost-effective, cutting-edge, high quality training to the criminal justice community, thus enhancing the quality of service provided by law enforcement to our communities. IPTM delivers in excess of 500 courses annually to more than 14,000 law enforcement professionals across the country and around the world. For over 25 years, IPTM has been the leader in law enforcement training. Our highly qualified faculty and our commitment to meeting the needs of our students have earned IPTM the reputation it has today.

How does contract training work?

By holding classes at your facility you reduce your training costs while maintaining the same high quality, professional training you have come to expect from IPTM. Please call us at (904) 620-4786 for additional information.

IPTM will provide:

- Highly qualified instructors who are experts in their given specialties
- A certificate of completion for each student who successfully completes the course
- Technical assistance required to prepare, conduct and evaluate each program

Your agency need only provide:

- A classroom capable of seating the attendees, or a lab if the program is forensic in nature
- Audio and visual equipment for our instructors

What types of courses are offered for contract training?

IPTM offers a variety of courses in many areas of specialization. Please feel free to review the course listings in this brochure and contact IPTM if you have any questions or comments.

Crash Investigation and Reconstruction
