Advanced Homicide Investigation

Length: 3 Days (24 hours)

This course will further enhance the skills you acquired in IPTM's *Homicide Investigation* course and supply you with the knowledge and abilities to handle even the most challenging homicide investigations.

You will learn how to organize a complex homicide investigation and how to apply advanced forensic techniques to the case. We will discuss criminal profiling and abnormal psychology and you will learn specific interrogation techniques to use on the suspects. In addition, we will show you what to look for in gang-related homicides.

Lectures during the course will be held to a minimum. Instead, emphasis will be placed on practical exercises. You will be provided the opportunity to apply the skills you have acquired while studying complex homicide cases presented by the instructors.

Topics include:

- Organization of a complex homicide investigation
- Criminal investigative analysis (criminal profiling)
- Abnormal psychology for investigators
- Interrogation techniques for homicide suspects
- Gang motivated/related homicides
- Application of advanced forensic techniques and blood splatter interpretation
- Reconstruction of a high profile homicide case

Prerequisite: To attend this course, you should have completed a basic homicide investigation course and have the knowledge of proven investigative techniques necessary to solve most homicide cases.

• BRING OUR TRAINING TO YOUR AGENCY •

The Public Safety Institute (PSI) can assist you in presenting classes at your agency or training facility. By holding classes at your facility you reduce your training costs while maintaining the same high quality, professional training you have come to expect from PSI.

The Public Safety Institute provides:

- Highly qualified instructors who are experts in their given specialties
- A certificate of completion for each student who successfully completes the course
- Technical assistance required to prepare, conduct and evaluate each program
- All student reference materials

In most cases, your agency need only provide:

- A classroom capable of seating the attendees
- Audio and visual equipment for our instructors

All programs can be presented at your location. For details on cost-effective, co-sponsored programs call us at:
